Our Process:

Once Yearly Registration is paid (via emailed electronic invoice), an invite to our Caregiver Communication Platform will be sent to your email of choice. Families will then be able to communicate their needs to the MNH2 Team of Caregivers giving them details of the: service needed (Nanny, Sitter, etc), location of residence, the assistance of duties, and the number of children, dates & times of service is needed, etc.

Caregivers with availability will connect with you to arrange a Meet & Greet (Interview) with your family. Upon meeting your caregiver, you will be able to see their professional binder w/ accolades, licensures, certificates, background check, etc

If both parties are comfortable, families will then begin arranging dates and times for services moving forward.

Please complete the questions below and complete the consent link if you would like to move forward and begin your process! :)

Please supply our team with more information regarding your family and the assistance that you seek.

Please complete the consent using this link [Sitter/ Nanny Services Consent](#)

Much Gratitude :) We look forward to assisting your family!
